

BUSD Workforce Housing
Meet the Construction Team Meeting
06/03/2025, 6 PM

Frequently Asked Questions

What efforts are you taking to mitigate construction noise?

Please refer to the Construction Noise Reduction Program posted on our website, linked [here](#). The Contractor will follow the recommendations in this report.

Additionally, BUSD will be erecting a 20' sound barrier facing the school, while our contractor will be erecting an 8' sound barrier along the portion of the site bordering the residential homes on Francisco Street.

Where will everyone park, both workers during construction and residents and staff during operations?

During construction, construction workers will park on site and along San Pablo. The Contractor will work with subs to avoid parking on Virginia and Francisco Street.

During operations, the building has a parking garage with 55 parking spaces for residents and staff.

Who should we contact for coordination with BUSD for school pick-up/drop-off circulation?

Please email BUSD at Facilities@berkeley.net with any questions related to school operations during construction.
